

## Federal Agency Mission Statements

Agency	General/Regulatory	Mission Statement	Link
CDC	General	<p>CDC works 24/7 to protect America from health, safety and security threats, both foreign and in the U.S. Whether diseases start at home or abroad, are chronic or acute, curable or preventable, human error or deliberate attack, CDC fights disease and supports communities and citizens to do the same.</p> <p>CDC increases the health security of our nation. As the nation's health protection agency, CDC saves lives and protects people from health threats. To accomplish our mission, CDC conducts critical science and provides health information that protects our nation against expensive and dangerous health threats, and responds when these arise.</p>	<p><a href="https://www.cdc.gov/about/organization/mission.htm">https://www.cdc.gov/about/organization/mission.htm</a></p>
DOE	General	<p>The mission of the Energy Department is to ensure America's security and prosperity by addressing its energy, environmental and nuclear challenges through transformative science and technology solutions.</p>	<p><a href="https://www.energy.gov/mission">https://www.energy.gov/mission</a></p>
EPA	General	<p><u>Our Mission</u></p> <p>The mission of EPA is to protect human health and the environment.</p> <p><u>EPA works to ensure that:</u></p> <ul style="list-style-type: none"> <li>. Americans have clean air, land and water;</li> <li>. National efforts to reduce environmental risks are based on the best available scientific information;</li> <li>. Federal laws protecting human health and the environment are administered and enforced fairly, effectively and as Congress intended;</li> <li>. Environmental stewardship is integral to U.S. policies concerning natural resources, human health, economic growth, energy, transportation, agriculture, industry, and international trade, and these factors are similarly considered in establishing environmental policy;</li> <li>. All parts of society—communities, individuals, businesses, and state, local and tribal governments—have access to accurate information sufficient to effectively participate in managing human health and environmental risks;</li> <li>. Contaminated lands and toxic sites are cleaned up by potentially responsible parties and revitalized; and</li> <li>. Chemicals in the marketplace are reviewed for safety.</li> </ul>	<p><a href="https://www.epa.gov/aboutepa/our-mission-and-what-we-do">https://www.epa.gov/aboutepa/our-mission-and-what-we-do</a></p>

<p>FAA</p>	<p>General</p>	<p><u>Our Mission</u>  Our continuing mission is to provide the safest, most efficient aerospace system in the world.</p> <p><u>Our Vision</u>  We strive to reach the next level of safety and efficiency and to demonstrate global leadership in how we safely integrate new users and technologies into our aviation system. We are accountable to the American public and our aviation stakeholders.</p> <p><u>Our Values</u>  . Safety is our passion. We work so all air and space travelers arrive safely at their destinations.  . Excellence is our promise. We seek results that embody professionalism, transparency and accountability.  . Integrity is our touchstone. We perform our duties honestly, with moral soundness, and with the highest level of ethics.  . People are our strength. Our success depends on the respect, diversity, collaboration, and commitment of our workforce.  . Innovation is our signature. We foster creativity and vision to provide solutions beyond today's boundaries.</p>	<p><a href="https://www.faa.gov/about/mission">https://www.faa.gov/about/mission</a></p>
<p>FDA</p>	<p>General</p>	<p>The Food and Drug Administration is responsible for protecting the public health by ensuring the safety, efficacy, and security of human and veterinary drugs, biological products, and medical devices; and by ensuring the safety of our nation's food supply, cosmetics, and products that emit radiation.</p> <p>FDA also has responsibility for regulating the manufacturing, marketing, and distribution of tobacco products to protect the public health and to reduce tobacco use by minors.</p> <p>FDA is responsible for advancing the public health by helping to speed innovations that make medical products more effective, safer, and more affordable and by helping the public get the accurate, science-based information they need to use medical products and foods to maintain and improve their health.</p> <p>FDA also plays a significant role in the Nation's counterterrorism capability. FDA fulfills this responsibility by ensuring the security of the food supply and by fostering development of medical products to respond to deliberate and naturally emerging public health threats.</p>	<p><a href="https://www.fda.gov/about-fda/what-we-do">https://www.fda.gov/about-fda/what-we-do</a></p>

FDA	Regulatory (Office of Regulatory Affairs)	<p><u>Vision</u> Public health is protected, promoted, and advanced</p> <p><u>Mission</u> Protect consumers/patients and enhance public health by ensuring timely access to safe, quality FDA-regulated products</p> <p><u>ORA Core Values</u></p> <ul style="list-style-type: none"> <li>. Accountability - We take personal responsibility for meeting individual, team, and organizational commitments.</li> <li>. Commitment to Public Health - We demonstrate our commitment to safeguarding the public health in our actions.</li> <li>. Communication - We provide information that is accurate and clear, and in our interactions with others, we actively listen to understand other points of view.</li> <li>. Inclusion, Diversity, Equity, and Accessibility - We embrace each individual's uniqueness and seek out their ideas and perspectives.</li> <li>. Integrity and Respect - We adhere to the highest ethical standards by consistently being honest and trustworthy in our actions.</li> <li>. Quality - We set high standards of excellence for our work and take the necessary actions to continuously improve.</li> </ul>	<p><a href="https://www.fda.gov/about-fda/office-regulatory-affairs/ora-vision-mission-and-values">https://www.fda.gov/about-fda/office-regulatory-affairs/ora-vision-mission-and-values</a></p>
FEMA	General	FEMA's mission is helping people before, during and after disasters, and our core values and goals help us achieve it.	<p><a href="https://www.fema.gov/about">https://www.fema.gov/about</a></p>
NASA	General	<p><u>Vision:</u> Exploring the secrets of the universe for the benefit of all.</p> <p><u>Mission:</u> NASA explores the unknown in air and space, innovates for the benefit of humanity, and inspires the world through discovery.</p> <p><u>Core Values:</u> We share a set of core values—safety, integrity, teamwork, excellence, inclusion—and they are evident in all that we do.</p>	<p><a href="https://www.nasa.gov/careers/our-mission-and-values">https://www.nasa.gov/careers/our-mission-and-values</a></p>
Naval Reactors	General	The mission of the Program is to provide militarily effective nuclear propulsion plants and ensure their safe, reliable, and long-lived operation.	<p><a href="https://www.carrierdisposaleis.com/US-Naval-Nuclear-Propulsion">https://www.carrierdisposaleis.com/US-Naval-Nuclear-Propulsion</a></p>
NRC	General	The NRC licenses and regulates the Nation's civilian use of radioactive materials to provide reasonable assurance of adequate protection of public health and safety and to promote the common defense and security and to protect the environment.	<p><a href="https://www.nrc.gov/about-nrc.html">https://www.nrc.gov/about-nrc.html</a></p>
OSHA	General	<p><u>OSHA's Mission</u> With the Occupational Safety and Health Act of 1970, Congress created the Occupational Safety and Health Administration (OSHA) to ensure safe and healthful working conditions for workers by setting and enforcing standards and by providing training, outreach, education and assistance.</p>	<p><a href="https://www.osha.gov/aboutosha">https://www.osha.gov/aboutosha</a></p>

Pipeline and Hazardous Materials Safety Administration (PHMSA)	General	PHMSA's mission is to protect people and the environment by advancing the safe transportation of energy and other hazardous materials that are essential to our daily lives. To do this, the agency establishes national policy, sets and enforces standards, educates, and conducts research to prevent incidents. We also prepare the public and first responders to reduce consequences if an incident does occur.	<a href="https://www.transportation.gov/briefing-room/safetyfirst/pipeline-and-hazardous-materials-safety-administration">https://www.transportation.gov/briefing-room/safetyfirst/pipeline-and-hazardous-materials-safety-administration</a>
